明睿领袖 浩瀚胸怀

HAOHAN

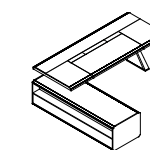

浩瀚

浩瀚总裁系列的设计灵感源自对领袖气质的理解，领袖者，
有包藏宇宙之机，吞吐天地之志，
既具明睿的眼光，复有宽广的胸怀。
以总裁办公桌的设计为例，直路纹理的宽广台面喻其浩瀚，
下宽上狭的斜立台脚提供强力支撑，为其沉稳，
寓意志存高远，脚踏实地。

The design inspiration of the vast president series is derived from the understanding of the leadership temperament. The leaders have the opportunity to hide the universe and swallow the aspirations of the world. They have both bright eyes and a broad mind. Take the design of the president's desk as an example. The broad table of the straight texture is described as its vastness. The wide, narrow, oblique foot provides strong support for its stability, meaning that it is ambitious and down-to-earth.
